

## Advancement Requirements

There are no advancement requirements.

## Minimum Credit Units Required for Graduation

The credit units required for graduation are shown in the following table. Students will be required to repeat the same grade year in 4th year if unable to acquire the minimum credit units required for graduation. Students themselves are responsible for verifying course registration and ensuring that they acquire the minimum credit units required for graduation (acquired credit units, etc.)

Subject category		Minimum credit units required for graduation (required credit units)	
Common to all schools	A		0 credit units
Floating	J	Floating credit units *	36 credit units
Unique to each school	B	World languages	Selection compulsory 40 credit units
	C	School foundation	Compulsory 4 credit units
	D	Foundation in own major	Compulsory 6 credit units
	E	Foundation in other majors	Selection compulsory 8 credit units
	F	Own specialized course subjects	Compulsory 16 credit units
	G	Own specialized course subjects (seminars)	Selection compulsory 8 credit units
	H	Elective subjects	Elective 16 credit units
	I	Graduation research	Compulsory 6 credit units
Subtotal			104 credit units
Total			140 credit units

## Floating Credit Units \*

Credit units acquired in excess of the [A] credit units acquired for subjects common to all schools and [H] minimum credit units required for graduation for subjects unique to each school (16 units) are [J] floating credit units. 36 credit units must be acquired by graduation.

Credit units factored in as [J] floating credit units

Category	Credit units factored in as [J] floating credit units	Reference
Subjects common to all schools	Acquired subjects are all [J] floating credit units.	Page 64
Subjects unique to each school	Acquired credit units which exceed the minimum credit units required for graduation (required credit units) (16 credit units) for [H] elective subjects are floating credit units.	Page 66

## Course Registration Credit Unit Limit

As shown in the following table, it is not possible to register for subjects which exceed the prescribed course registration credit unit limit (restriction on number of credit units that can be taken in single semester) for each semester.

Academic year	1		2		3		4	
Semester	Spring	Fall	Spring	Fall	Spring	Fall	Spring	Fall
Semester	1	2	3	4	5	6	7	8
Number of restricted credit units (common to all schools)	24	24	24	24	24	24	24	24

Free subjects are not included in the course registration credit unit limit. Neither are they included in the minimum credit units required for graduation (required credit units).
